Objectives

Information Technology graduate with hands-on experience in full-stack web development, technical support, UI/UX design, software testing, and system development through internship and academic projects. Skilled in developing web applications, troubleshooting technical issues, collaborating with teams, administrative support, good-communication, and problem-solving. Passionate about building practical software solutions, AI-powered applications and continuously learning modern technologies.

Work Experience

IT Intern Jan 2026 - Apr 2026
Wilson Works Trading Inc. | San Juan City, Metro Manila

- Contributed to the development of BorrowSmart, a QR-based asset management system.
- Provided technical support, device and network configuration, and troubleshooting assistance.
- Performed system testing and quality assurance to ensure application reliability.
- Collaborated with multiple departments to support operational and technical requirements.

Leadership Experience

Organization Secretary SY 2024 - 2025
Information Technology Student Organization (ITSO) | ESSU Guiuan

- Maintained organizational records, meeting minutes, and communication logs.
- Ensured accurate documentation for a student organization of 300+ members and continuity of information during leadership transitions.
- Supported organizational planning, coordination, and communication activities
